## Hampshire Cycle Club Application

---

We welcome any individual to apply for membership to our club. Prior racing experience is plus but we are willing to mentor novice racers to become more confident and to increase his or her abilities. In order for us to learn more about you, please fill out the short questionnaire below.

Name:

Phone:

Category:

Racing Age:

E-mail:

Tell us a little about yourself. How old are you? How long have you been riding in competition? Do you hold a USCF license? If so, what category? Would you be interested in becoming a USCF referee?

Are you familiar with the WCA? If not, check out their web site: [www.wicycling.org](http://www.wicycling.org). If yes - have you participated in any WCA races? Which ones? How did you fare? Would you be interested in volunteering or holding office in the WCA?

What attracted you to Hampshire Cycle Club? Do you know any of our current members? Who?

What do you hope to gain by joining our club?

How will Hampshire Cycle Club improve with you as a member?

What are your future cycling goals?

Have you ever caused a crash in a race or on a training ride?

Can you blow snot out of your nose without hitting the person behind you?

The last 2 were just checking to see if all of you were paying attention! I was asked the last question when I joined the club.

All members are required to help at our races and to attend club meetings held on the first Monday of each month. If there is a conflict with holidays or Monday night Packer games we meet on the 2nd Monday. Would you be available to attend meetings and to assist and one of the races?

Thank you for taking the time to give us your life story. One of our club officers will be in contact with you in the near future. In the meantime - stay on two wheels and keep the wind at your back.
